

SW06

TAME THE DANGER

NON-CONDUCTIVE - NO METAL PARTS

Designed with no metal parts, the new SW06 is intended for use in situations of high impact potential or when there is possibility of electrical contact. (Both indoor and outdoor versions shown)

Finally a really cool look to wear in hot and dusty environments...with great features and benefits to match:

- Unique Rx Safety frame with popular "wrap" look utilizing a versatile 6-base lens that will carry most RX's.
- Available as "indoor and outdoor" versions for multiple environments.
- Excellent coverage above, beside and underneath the eyes for extra protection against flying objects.
- Each pair comes with a removable and replaceable "dust dam/sweat bar" for use in hot and dusty settings inside or out.
- Adjustable nasal fitting as each pair comes with a medium nose pad pre-fitted and an extra small and large pad set included.
- Lens body constructed of a nylon based material for rugged wear. **No metal content allows for use in electrical environments.** Brow bar/dust dam are foam for comfortable flexibility while temple tips and nose-pads are rubber for non-slip wear.

All Titmus Rx safety frames meet the ANSI Z87.1-2003 standard for impact protection.

Frame size: 57.16.125

One color: BRN - Brown with Orange Accents, BLK - Black with Yellow Accents
